Huntingdon, Cambridgeshire. PE28 5UY*

## Ponies (UK)

### Announce a Northern Winter Championships

#### For 2008.

The annual review of the association's activities and the recent survey of member's views encouraged the board of the association to expand their winter championship programme to include a Northern and Southern Championships.

This will offer members the option of entering one or both championships on the registration of their one qualification for that individual national championship. This will be a serious bonus for exhibitors who wish to attend both events without unnecessary travelling during the winter months.

The board are continually looking to reduce the travelling expense of attending events, a bonus for those who live in the midlands but also offering those enthusiastic members who reside the opposite end of the country the opportunity to compete.

**2008 Winter Championship Dates and Locations as follows.**

#### **P(UK) Northern Winter Championships.**

**March 15<sup>th</sup> & 16<sup>th</sup> 2008.**
